

## Colour Card for Exterior Paints

You can change the way your house looks like by giving it new colours. Try out the colours on the colour card for exterior paints on the model picture on our [Colour planner 2.5](#) program.

Remember, when choosing exterior colours, that they look lighter and brighter on a large surface, when surrounded by strong natural colours, than on a small model on the colour card against a grey background.

The colours

displayed on the screen have been produced electronically. They are not an exact representation of real colour models, as the finish of the material, its gloss and lighting, as well as many other factors, affect our perception of colour.
