

Interior Colours Card

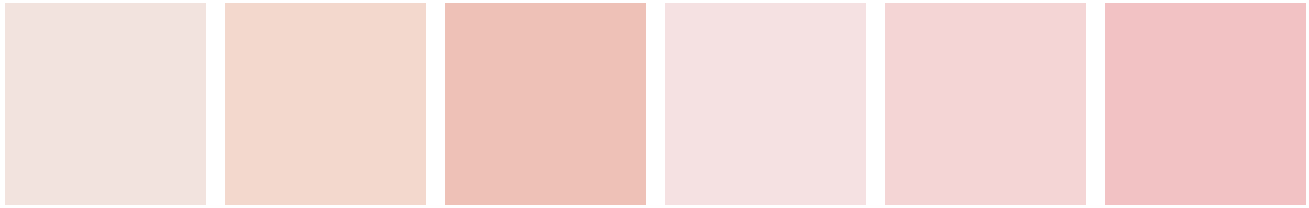

The interior colours card features more than 200 colours for interior walls, designed as Nordic style.

A wall is the largest continuous surface in the interior design, so the colour and painting treatment can greatly affect the feeling of the room.

For this colour card we have selected pastel shades with which you can create a light and harmonious base for your decor. You can perk up the room by using slightly more saturated colours.

NOTICE!

The colours displayed on the screen have been produced electronically. They are not an exact representation of real colour models, as the finish of the material, its gloss and lighting, as well as many other factors, affect our perception of colour. Always select the final colour with colour cards from your retailer in the surroundings and conditions for which you are making your choice.
